---------------------	-------

Our Mission is... to serve, support, and represent the building industry

Chartered in 1955, the Roanoke Regional Home Builders Association is a professional, non-profit (501C-6) trade association, affiliated with the Home Builders Association of Virginia (HBAV) and the National Association of Home Builders (NAHB). The Association is governed by a board of directors and executive committee representative of its builder and associate membership.

RRHBA represents the interests of residential & commercial builders, developers and remodelers, as well as suppliers, subcontractors and related service providers within the following jurisdictions: counties of Botetourt,

Craig, Floyd, Franklin & Roanoke, and the cities of Roanoke & Salem.

In serving its members, the Association strives to create an environment of free enterprise where regulations can be kept at a minimum and products and services can be produced at optimum value. This is accomplished through lobbying efforts, liaison with local government, member and consumer education, industry promotion, charitable and community involvement, communicating industry information, enhancement of a positive and professional member image, and networking opportunities of a professional & social nature.
